# STANDARD GUARANTEE

## OF

### AMERICAN SHORTHORN BREEDERS'

### ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Certificates of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and an application will be furnished for every calf at foot and every calf carried in dam.

The 14 extra bull calves in this sale and the bull calves at foot of Lots 27, 28, 30, 31, 32, 33, 34 and 35 will be sold separately and only applications for registry will be furnished the buyer only upon request.

All cattle will be sold under the standard guarantee adopted by the American Shorthorn Breeders' Association. This guarantee is printed in full elsewhere in this catalog.

With the exceptions listed above and that all breeding dates and service sires if published dates in catalog are incorrect will be announced from the auction block and take precedence over published dates and sires.

## FOREWORD

The CHAS. and LYLE EWALD, DEWEY LUNSTRA, and CLYDE PALMER and GERALD ARENDS JOINT SHORTHORN PRODUCTION SALE combines three names and three herds that have meant good Shorthorns for many years.

Each have drafted a group of top cattle for this sale. The young cattle are some of their current top productions. In addition, each have put in some of their proven producers.

A study of the cattle, footnotes and records will convince you that the breeding is of the best, that these cattle have always done well for others, and that they have always stood the test of competition against the very best.

This sale offers everything that anyone wanting good Shorthorns can be looking for. There are top young bulls for all kinds of herds. There are proven cows with calves and rebred for someone wanting fast production. There are choice bred cows and heifers and sweet open heifers.

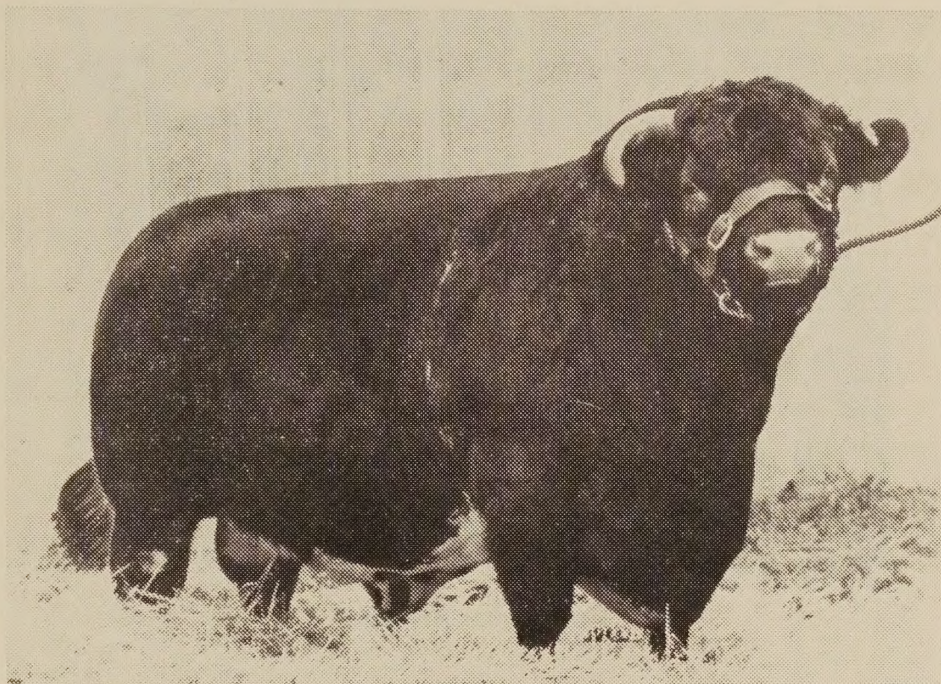

Then, not to forget the junior feeders, there are at least 25 calves suitable for 4-H club work.

THEREFORE, make your plans to be on hand at SIBLEY, IOWA, on OCTOBER 16 and buy the kind of Shorthorns you have been looking for.

ALBERT J. HAMANN,  
Sale Manager.
